

ANTHOCRAN® PHYTOSOME®

CRANBERRY EXTRACT

SHED NEW LIGHT ON URINARY TRACT HEALTH

NEW CLINICAL EVIDENCE ON UT MANAGEMENT

It's time to turn on the multiple spotlights of Anthocran® Phytosome®, opening up access to all the virtues of cranberries for 150 million people prone to Urinary Tract Infections (UTIs).

Latest clinical evidence has confirmed that Anthocran® Phytosome® delivers proanthocyanidins (PACs) and an amazing full spectrum of polyphenols to the body. It is proven to be a valid aid for the prolonged wellbeing of the urinary tract, keeping the most common pathogens like *Candida albicans* under control – leveraging Indena's Phytosome® strategy to optimize cranberry's bioabsorption. Try Anthocran® Phytosome®, the natural protector of your urinary tract.

100 YEARS OF BOTANICAL EXCELLENCE
